Web Developer

Five Star Interactive Inc.

Five Star Interactive is a web development company which was spun off from Japanese advertisement company called "Asahi Koukoku".

I worked as a web developer and created a variety of web products such as corporate websites, E-commerce, Web apps.

- Developed E-commerce Websites using EC-CUBE based on Silex.
- Built Instagram and Products data management application which provides customized data with Rest-API.
- Made Web application sending and receiving Midi signals
- Developed variety of web sites with Laravel5, Wordpress, Javascript.
- Taught programming as a mentor.

Apr 2012 – Jan 2013
[Tokyo, Japan](#)

Sales representative

King Soft Japan Inc.

King Soft Japan is a branch of Chinese software company. I worked in sales but also got trained in infrastructure team and technical support team.

- Sold alternative softwares for windows office suites and internet security soft to companies and government offices.
- Learned shell script in the infrastructure team and share the development environment by vagrant and ansible.
- Tested localized software in the technical support team.
- Made a list of software licenses of our company's software and template documents to submit them to our client companies.
